All benefits, policies, and provisions included in this document apply equally to all non-bargaining employees; however, some terms and conditions of employment differ between the classified and unclassified personnel (e.g. overtime), and full-time or part-time personnel; benefit-eligible employees as defined shall receive pro-rata fringe benefits where specified based on the ratio of the hours in their normal work week to forty. Schedules shown, unless specified otherwise, refer to full-time (40 hour per week) benefits or provisions.

These policies are subject to change, alteration, or revision at the sole discretion of Administration. Previous "Personnel Policies" have no application to this manual, and this current document supersedes the document entitled "Personnel Policies as amended".

- 1.2** Appointment date is the date at which the employee is effectively hired by the City. The employee is considered a member of the department to which he/she has been appointed as of the effective date on the appointment from the Mayor. II. COMPENSATION

8/6/01; 1/26/04; 2/14/05; 9/23/13

2.0 **Method of Computing Pay**

a. **Employees Assigned to a 40-Hour Work Week**: To obtain an annual salary, the monthly salary shall be multiplied by twelve (12). To obtain the hourly rate, the annual salary shall be divided by 2,080 hours and rounded off to the fourth decimal place. The hourly rate will be rounded as follows: If the fifth decimal place is five (5) or greater, the fourth decimal place shall be rounded up one (10); if less than five (5), the fifth decimal place shall be dropped.

b. Employees Assigned to a 56-Hour Work Week: To obtain an annual salary, the monthly salary shall be multiplied by twelve (12). To obtain an hourly rate, the annual salary shall be divided by 2,912 hours and rounded off to the fourth decimal place. Rounding shall be identical to that described above. Compensation for employees assigned to a 56-hour work week is converted, when necessary, at 1.4 hours for straight time and 2.1 hours for overtime.

2.1 Method of Salary Payment

a. Employees Assigned a 40-Hour Work Week: Bi-weekly salary will be paid on the Friday following the end of the payroll period. The payroll period will be a two-week period running from 12:01 a.m. Sunday until 12:00 midnight on Saturday. Employees hired during a payroll period will be paid through that period on the same date as all other employees. All pay changes will be effective at the beginning of the pay period closest to the effective date of the change. All employees will be considered as paid only through the current pay period.

b. Employees Assigned to Average a 56-Hour Work Week: The pay period for employees of the Fire Department at the rank of Battalion Chief and above will be a two-week period running from 8:00 a.m. Sunday until 7:59 a.m. the following Sunday. Employees shall be compensated for fifty-six (56) hours per week or one hundred twelve (112) hours per pay period.

Bi-weekly salary will be paid in the Friday following the end of the payroll period. Employees hired during a payroll period will be paid through that period on the same date as all other employees. All pay changes will be effective at the beginning of the pay period closest to the effective date of the change. All employees will be considered as paid only through the current pay period.

2.2 Application of Compensation Plan

No employee shall be paid less than the established minimum nor more than the maximum rate fixed in the compensation plan for the position he/she holds. Salary schedules for Classified Non-Bargaining and Unclassified positions are attached as Appendix A.

a. Original Appointment: An employee will not be hired above the first step of the salary range for a position unless, after proper advertising, it has not been possible to find a qualified applicant who will accept the position at the first step. However, in the case of the Police Chief, the Fire Chief, the City Assessor and unclassified positions, the Mayor may set the salary at the step most appropriate to attract and retain the best candidate for the position.

b. Reallocation: When a class of positions is reallocated upward an employee shall be placed in the same relative position in the newly established salary range for the class as was held in the former salary range for the class.

When a position is reallocated downward, an employee in the class shall be permitted to continue at his/her present rate of pay during the period of incumbency (except in the event of general service-wide reductions). However, if his/her present rate

does not equal or exceed the maximum for the new class, he/she shall be entitled to salary increases until he/she reaches the established maximum for the new class.

c. Promotion: An employee promoted to a new position in a higher class shall receive the minimum rate for the higher class. If the rate of his/her former position is the same as or exceeds this minimum, he/she shall advance to the next step above the rate of compensation that he/she formerly received; however, in no case shall a superior be paid less than a subordinate in terms of base pay.

d. Demotion: A classified employee demoted in lieu of layoff, or involuntarily under Civil Service Rules, shall be paid at a step to be determined by the Civil Service Board which is in the approved range for the lower class position. An unclassified employee, demoted by the Mayor to another unclassified position, shall be paid at a step to be determined by the Mayor's office that is in the approved range for the lower class position.

An employee demoted at his/her own request within his/her own department shall be placed on the same step letter of the range for the new position as he/she is occupying in the range of his/her present position (same step, not same salary).

A classified employee demoted at his/her own request to a position in another department shall be paid at a step to be determined by the Civil Service Board which is in the range for the lower class position, but which is not above the step letter held in the present range. An unclassified employee demoted at his/her own request to a position in another department shall be paid at a step to be determined by the Mayor which is in the range for the lower class position, but which is not above the step letter held in the present range.

Demotions in the classified service are arranged by a letter of recommendation from each department head involved to the Mayor, and a subsequent letter of recommendation from the Mayor to the Civil Service Board. Civil Service has final authority to grant the request. Unclassified employees seeking a demotion need to submit letters of recommendation from each department head involved, if any, and to the Mayor. The Mayor will have final authority on granting the request and determining the salary.

e. Reinstatement: When a classified, non-bargaining person is appointed from a re-appointment list to the same or similar position in the department in which he/she was employed immediately prior to his/her separation from the service of the City, he/she shall enter the position at the rate last received in his/her previous position if there be such a rate in the pay plan, and if not, at the closest rate to the rate so last received. If the last rate received is higher than the maximum rate for the new class, he/she shall be paid at the maximum rate. If an employee is appointed from a re-employment list to a position in a department other than the one in which he/she was previously employed, he/she shall be re-appointed at the minimum of the salary range for the class.

f. Transfer: If an employee is transferring to a position in the same class in another department, he/she shall receive the same rate of compensation he/she received in the former position.

g. Appointment of Employee to Another Department: If a classified non-bargaining employee is appointed from an eligible list to a position in another

department, the salary range of which is the same as the salary range of the position being held, he/she shall receive the same rate of compensation as received in the former position.

h. Temporary Promotion: Compensation shall be paid for all time worked at a rate one step higher than the current rate of pay, or at the minimum rate of pay for the position which is being filled, whichever is greater, at the direction of the department head, work in a classification higher than their own for more than eight hours in one work week.

An employee who has worked in a classification higher than his/her own shall return to his/her own classification at the rate he/she would have received if he/she had never left.

i. Part-time employees: By definition, part-time employees are those scheduled to work less than forty hours per week. Generally, a part-time employee will be paid an hourly amount based on the temporary salary schedule. However, in the case of positions designated as exempt by the FLSA, those employees shall be compensated at a salary pro-rated to the hours of work intended with the original appointment (e.g. 20-hours per week shall be paid half the regular salary of the full time classification).

2.3 Pay Anniversary Date

An employee appointed, promoted, or demoted shall have a pay anniversary date on the date of the appointment, promotion, or demotion.

2.4 Anniversary Date Step Increase

Step increases for employees not at the top of their pay range shall take effect on the pay anniversary date of each employee affected unless the Section Director, upon the recommendation of the department head and/or Mayor certifies to the Human Resources Director that the employee's work performance or conduct does not justify granting such increase. In such cases, the employee shall be notified in writing to this effect by the Human Resources Office, and the employee shall have the right to appeal at Step 2 of the grievance procedure.

2.5 Line of Duty Pay

a. Police: Sworn Peace Officers, injured while on a police call or during physical training to an extent requiring medical attention by a physician, and certified by said physician to be unable to return to duty, shall be entitled to receive up to 120 hours of injury on duty compensation in lieu of sick leave. Injury on duty for a police call shall be defined as a gun battle, during a physical altercation, while directing traffic, during a traffic stop, pursuit of suspects whether by foot or in a vehicle, animal control, and emergency response situation which may include rescue from fire, water, suicidal person, drug lab, or with red lights and siren. Physical training shall include simulation exercises for defensive tactics, traffic pursuit, felony stops, TRT, building searches, and/or chemical training.

b. Fire: Fire fighting personnel, at the rank of Battalion Chief and above, injured while on a fire call, simulation of fire ground tactics, pre-fire exercise or community wide training exercises to an extent requiring medical attention by a physician, and certified by said physician to be unable to return to duty, shall be entitled to receive up to four (4) work shifts of injured on duty compensation in lieu of sick leave. A fire call shall include response to an emergency, rescue, false alarm, and fires.

c. "Injury on duty compensation" shall mean compensation at the rate of pay at the time of the injury. If an employee remains unable to return to work beyond the duration of the injury on duty compensation, he/she may use accumulated sick leave in the manner prescribed by this Employment Guide. The City shall be entitled to any worker's compensation payments made to the employee while receiving injury on duty compensation for lost wages as a result of the injury. If an employee declines a light duty assignment, they forfeit any right to injury on duty pay or worker's compensation benefits.

2.6 Payroll Deductions

The City will attempt to equally divide payroll deductions between two checks of each month.

2.7 20-Year Step

9-23-13:

For personnel in the Police and Fire Department, an additional step of 4% will be awarded upon completion of 20 years of service with the City. In the event said personnel is not at the top of their current pay grade when completing 20 years, they will receive a 4% premium and continue through the steps with the 4% premium until they reach the maximum step of E + 4%.

7-13-15:

For personnel other than Police and Fire, effective 1/1/2015 an additional Step of 4% (Step F) shall be awarded upon completion of twenty (20) years of service with the City, provided the Employee is currently on Step E of their pay grade. In the event said employee is not at the top of their current pay grade when completing twenty (20) years, they will continue to move through their pay grade and once a year is completed at Step E, they shall move to Step F.

A person at the 20-year step of a salary range that is promoted to a new position will be placed on the step of the new salary range that is at least one complete step (4%) higher than their current salary, and proceed through the new range on their promotional date. After a year at the E step the employee would be eligible for the additional step F.

Anyone with 20 years of service that is on the E step of their current range as of 1/1/2015 would move on January 1st of that year, all others on their 20 year anniversary date.

III. PROBATIONARY STATUS

1/1/97; 1/26/04; 3/27/17

Probation issues apply only to classified, non-bargaining employees.

Full-time classified non-bargaining employees will serve an initial twelve- (12) month probationary period. All regular part-time employees shall serve a probationary period of 1,040 compensated hours. An employee may be terminated at the sole discretion of the employer. Honorably discharged veterans as defined by Minnesota Statute 197.447 shall be removed only in accordance with the provisions of MS 197.46

Original appointment employees having served half or more of their probationary period before layoff shall serve a probationary period upon appointment from a re-employment list equal to half the probationary period of new employees in the class. Employees laid off before completing probation after a promotion shall serve a six-month probationary period after appointment from a re-employment list.
- 3.4 Transfer**
A transferred employee in the classified service shall be required to serve a thirty (30) day trial period beginning on the date of transfer. A candidate for transfer who is rejected during a trial period shall return to his/her former position.
- 3.5 Demotion (except in lieu of layoff)**
A demoted employee shall serve a six-month probationary period.
- 3.6 Interruption of Services**
Any interruption of service during the probationary period shall not be counted as part of the probationary period.  - b. Permanent Employee Evaluations: Every permanent classified non-bargaining and unclassified employee of the City will have a performance review at least on an annual basis. Their immediate supervisor will review employees, or in some cases a team evaluation may be appropriate. The Department Head will then review all

information. Performance reviews shall be signed by the employee, immediate supervisor, and department head and will be placed in the employee's permanent personnel record. Comments, rebuttals, or appeals may be submitted in writing within a reasonable period of time after the review has taken place, and will be attached to the performance review as filed. Evaluations should highlight employee's strengths and address specific areas for development of weaknesses within the scope of the current job description. Signatures are required on the appraisal forms; once the form has been signed, none of the information may be altered.

3.8 Permanent Status of Appointment

Every appointment for classified employees, whether original or promotional, shall become permanent at the end of the probationary period unless such appointee shall have been rejected as provided herein.

IV. HOURS OF WORK

8/06/01; 1/26/04; 2/14/05; 10/23/13

4.1 Rest and Lunch Periods

All employees shall have a 15-minute rest period during each four hour period of work to be scheduled at the middle of such period whenever this is feasible.

All employees shall be granted a lunch period for each workday of six hours or more. Whenever possible, the lunch period shall be scheduled at the middle of the workday. The lunch period shall not be more than one-half hour. Except for

employees of the Fire Department at the rank of Battalion Chief and continuous operations employees in the Police Department, the lunch period shall not be considered work time.

4.2 Attendance

Employees shall be in attendance at their work in accordance with the rules regarding hours of work, holidays, and leaves. Each department shall keep daily attendance records of its employees, and such records shall be subject to review by the Human Resources Office.

4.3 Overtime: Unclassified

Unclassified employees are not entitled to overtime compensation.

Overtime: Classified

Overtime shall be paid to all employees who are not considered exempt under the Federal Fair Labor Standards Act. All employees approved for overtime, with the exception of Battalion Chiefs, shall be compensated at the rate of one and one-half times the regular rate of pay for all time worked in excess of the designated work week. Battalion Chiefs shall be compensated at the rate of 2.1 times the regular rate of pay for all time worked in excess of the designated workweek.

Upon their request, and with the approval of the department head, eligible employees may be compensated for overtime with compensatory time off at the rate of one and one-half times the amount of overtime worked. Accumulated compensatory time may be used upon request of the employee and approval of the department head prior to the date of the requested use. Departmental rules may be established regulating the use of accumulated compensatory time off.

Department heads or their designee may require an employee to work overtime, even though the employee may have indicated that he/she does not wish to work overtime. Failure of an employee to work overtime when required shall subject the employee to disciplinary action, unless there are extenuating circumstances. Department heads shall at all times be prepared to justify all overtime allowed, stating date, hours worked, and reason for overtime work.

For all employees approved for overtime, time spent in required job training outside of regular working hours shall be compensated at straight time.

a. Distribution of Overtime: Whenever possible, overtime work will be distributed equally to employees working within each job classification in each division. The distribution of overtime shall, whenever possible, be equalized over each six-month period. In some instances, depending on the nature or the timing of the required overtime, it may be necessary to call on particular individuals whose expertise, experience, or availability is best suited to the demands of the task requiring overtime.

On each occasion of overtime, the opportunity to work shall be offered to the employee within the classification who has the least number of overtime hours to his/her credit, unless such employee has indicated in writing that he/she does not normally wish to work overtime. If this employee does not accept the assignment, the employee with the next fewest number of hours to his/her credit shall be offered the assignment. This procedure shall be followed until the required numbers of employees have been selected for the overtime work. If an employee is offered overtime and fails to accept, he/she shall be charged as having worked two hours for the purpose of future distribution of overtime.

b. Emergency Calls: At the discretion of the Department Head, a minimum of two hours shall be paid for all classified employees entitled to receive overtime, who are called back to duty after having been released from the regular day's work. An eligible classified employee who goes out on an emergency call shall be considered as being on duty for the full two hours, and another call requiring a response within this two-hour period shall not entitle the employee to extra compensation.

V. LEAVES OF ABSENCE

8/6/01; 1/24/06

5.0 Sick Leave Allowance and Use

Each benefit eligible employee shall be entitled to sick leave with pay at the rate of one working day for each calendar month of full time service, accumulative to a maximum of 150 days. This shall be calculated each pay period.

Employees shall have charged against their sick leave accumulation the actual number of working hours during which they are absent on sick leave.

Sick leave privileges shall begin to accrue on the date of City employment, and time on layoff, suspension, leave without pay, or sick leave for injury on the job after sick leave has expired shall not be counted in determining a full month's service.

a. Causes for Granting Sick Leave: Sick leave shall be granted only for benefit eligible employees for absence from duty because of personal illness, legal quarantine, injury, or death or illness in the immediate family. Immediate family for death shall be defined as the employee's spouse, children, parents, grandparents, grandchildren, siblings, or any member of the employee's household. It shall also include the employee's spouse's children, parents, grandparents, grandchildren, or siblings. Immediate family for illness shall be defined as the employee's spouse, children, parents, or any members of the employee's household, related by blood or marriage. Absence due to injury must be accompanied by a physician certification of restrictions or limitations that may allow an employee to perform modified duty.

b. Notification of Need for Sick Leave: When an employee needs to use sick leave, he/she shall notify the person designated by his/her department head at least a half hour prior to the time he/she should report to work, except in case of emergency. Failure of an employee to notify the designated person within the time prescribed may cause the employee to lose the right to have his/her time off designated as sick leave.

c. Waiving Use of Sick Leave: Upon written request to his/her department head, an employee may waive use of his/her sick leave. However, an employee may not waive use of sick leave if the absence is due to a medical/health condition and such waiver would place the employee in an unpaid status.

d. Physician's Certificate: After two days of sick leave, the Mayor's Office, the Section Director, or the Department head may require a certificate from a physician indicating the need for sick leave taken or the general fitness of the employee to perform his/her work. Upon the direction of the Mayor or the Department Head, the employee may be required to be seen by a City designated physician for

verification or a statement of general fitness. The Mayor or Department Head may also request a physician's certificate stating restrictions or fitness for duty if there appears to be a chronic case of absences, although non-consecutive, attributable to a medical condition as reported by the employee.

5.1 Payment for Unused Sick Leave

7/13/15; 3/27/17

The City will pay to all employees 50 percent (50%) of unused sick leave up to a maximum of seventy five (75) days at the employee's then current level of compensation at the time of retirement; or separation after 20 years of service; or disability; or upon death of employee 50% of unused sick leave up to a maximum of 75 days payable to employee's estate or designated beneficiary. Retirement for purposes of this benefit only shall mean separation from City service of an employee immediately eligible to receive PERA retirement or disability payments. There is no sick leave payout for resignation or termination for employees with less than 20 years of service.

After accumulation of 90 days of sick leave, employees may elect to be paid each year for 50% of all unused sick leave earned that year (a maximum of 6 days), and accrue the other 50%, the amount of such payment to be paid in July of each year. For this purpose, the year will run July 1 through June 30 of the following year. Elections shall be made during open the enrollment period prior to the beginning of the calendar year. If no election is made for payment, that amount along with the other 50% of all unused sick leaves earned that year will be accrued until the employee has accumulated one hundred fifty (150) days of sick leave.

After accumulation of one hundred fifty (150) days of sick leave, the employee will be paid each year for 50% of all unused sick leave earned that year (maximum of 6 days), the amount of such payment to be paid in July of each year.

The remaining 50% of this accumulation will be converted to dollars and placed in a special fund for each employee. The special fund will be held by the city and shall be deposited into a post-employment health care savings plan account upon the retirement or eligible separation of the employee. At any time a current employee has totally exhausted all accumulated sick leave, the employee may elect to utilize this special fund account as a replacement for sick leave and it may be drawn down until exhausted.

5.1a Payment at the Time of Retirement for 56-hour Employees: The City will pay to employees at the time of their retirement, fifty (50) percent of unused sick leave up to a maximum of seventy-five (75) days at the employees then current level of compensation; or payable upon death of employee to the employee's estate or designated beneficiary. Retirement for purposes of this benefit only shall mean retirement, voluntary separation after ten (10) years of service, or disability incurred in the employ of the City that necessitates separation of service. *Updated 9-23-13*

5.1b Payoff Formula for 56-Hour Employees: All payoff calculations, whether at an accumulation threshold or at retirement, shall be multiplied by an additional factor of 46.7 percent to determine actual payoff.

5.2 Injury on the Job

When an employee is injured while working for the City and the injury is compensated under the Worker's Compensation Act, the following procedure shall be followed:

1. The employee injured shall receive his/her full basic compensation as long as he/she has accumulated sick leave or vacation credits against which it may be charged. The City shall receive the worker's compensation payments granted the employee, and in return shall credit the employee with sick leave in proportion to such payments, such amount to be rounded off to the nearest dollar. In other words, the City pays the employee for days missed in the sick leave pay. When the Worker's Compensation check is received by the City, the City keeps the check and credits the employee back the amount of sick leave covered by the check (usually 2/3).

2. When he/she has no sick leave or vacation credits, an employee shall receive the benefits and payments granted to him/her according to the State Worker's Compensation laws.

5.3 Funeral Leave

The Mayor's Office may grant up to three days paid leave, in addition to sick leave, for the death of an employee's spouse, child, parent, step-parent, sibling, grandparent, grandchild, or spouse's child, parent, step-parent, grandparent, grandchild, or sibling;.

5.4 Military Leave

Every employee shall be entitled to military leave as provided in Minnesota Statute 192.26. The leave provided by statute is a period not to exceed a total of fifteen (15) working days in any calendar year. The City Council has adopted a resolution allowing for pay differential between the employees military pay and base City wage while on active duty. Collection of differential pay does not render an employee in a paid-leave status.

5.5 Other Leaves of Absence With Pay

Any employee shall be granted a leave of absence with pay for service upon a jury, appearance before a court, legislative committee, or other body as a witness in a proceeding involving the federal government, the State of Minnesota, or a political subdivision thereof in response to a subpoena or other direction by proper authority; or attendance in court in connection with his/her official duties. In the case of jury duty, the employee's compensation from the City during his/her leave shall equal the difference between his/her regular compensation and compensation paid for jury duty.

A leave of absence for illness, injury, or disability may also be granted with the application of available sick leave pay if the employee produces a physician's certificate before the requested leave is to begin, specifying the condition, how this condition prevents the employee from performing the essential duties of their job, any reasonable accommodations that could be made to allow the employee to perform the essential duties of the position, an expected date of return to work including limitations or restrictions and the time anticipated before the employee is fully performing all aspects of the position description. Any information listed above that is not included in the employee's request for sick leave pay during an extended leave of absence may be cause for not granting the leave, or for granting the leave without pay.

5.6 Leaves of Absence Without Pay

Any employee who has no sick leave, and is mentally or physically incapacitated to perform his/her duties; or who, for any stated reason wishes to absent him/herself from his/her duties, may be granted a leave of absence in accordance with Section 5.11 of these policies. Such leave shall be granted only when it is deemed to be in the best interest of the City, and shall not exceed one year.

5.7 Parental Leave

Every employee that works an average of 20 hours or more per week and has been an employee of the City for at least one year is eligible for parental leave. A maximum of twelve weeks unpaid parental leave is permitted to a mother or father upon the birth or adoption of a child; the leave begins at the time requested by the employee, but must be within six weeks of the birth or adoption of the child. Reference Minnesota Statute 181.940.

5.8 Family/Medical Leave

The Family and Medical Leave Act entitles eligible employees to take up to 12-weeks of paid or unpaid leave during any 12-month period as a result of the birth or placement for adoption or foster care of a child, to care for an immediate family member with a serious health condition, or when an employee is unable to work due to a serious health condition. The 12-month period shall be calculated, using a rolling period measured backward from the date the employee uses FMLA leave, and may be taken at one time, intermittently, or on a reduced leave schedule depending on the circumstances. The City requires that any available sick leave be used in conjunction with a medical leave. Employees must provide medical certification before the leave begins, or if the leave is unforeseeable, the City must allow 15 calendar days for the employee to comply with the medical certification. If no medical certification is returned within 20 calendar days and the employee has not returned to duty, the employee will be considered as voluntarily resigned. The City has the right to question the validity of any certification and may require the employee to be seen by a City designated physician. An employee that does not return to work upon the expiration of the 12-week FMLA leave may request an extended leave of absence with or without pay. If the employee is no longer in pay status at the expiration of the FMLA leave, the City is not obligated to continue to maintain health, dental or life insurance coverage and a COBRA notice would be issued. A request for any paid leave must be made in accordance with Sections 5.6 and 5.11. A request for an unpaid leave of absence shall be considered under Sections 5.7 and 5.11 of this Article. Reference Family and Medical Leave Act regulations released by the Department of Labor effective February 6, 1995.

5.9 Personal Leave Day

All unclassified and classified, non-bargaining employees shall be entitled to one personal leave day per calendar year effective August 1, 2001. This leave day shall be 8 consecutive hours of paid leave, or one regular work day/shift as determined by the Department/Section Head. The personal leave day cannot be carried over if it is not used within the calendar year.

5.10 Procedures for Requesting Leaves of Absence

All requests for leaves of absence of less than 30 days other than sick leave, funeral leave, vacation leave, and leave to attend employee organization meetings, shall be made by the employee, on forms provided by the City, to his/her immediate supervisor in accordance with the following schedule:

1. For leaves of 30 days or less, two weeks notice shall be given unless because of special conditions this time period is waived by the Mayor's Office upon recommendation of the Department head.
2. For leaves of absence which do not require prior approval by the Civil Service Board or the appointing authority, such as military duty, jury duty, and appearance before a court, notice shall be given by the employee immediately upon his/her knowledge of the need for such leave.
3. For classified employees, requests for leaves of more than 30 days are covered by Civil Service Rules.
4. For unclassified employees, requests for leaves of absence of more than 30 days shall be made to the Mayor's Office with a minimum of 30 days notice, unless due to special circumstances this time period is waived by the Mayor upon recommendation of the Department head.

Requests for leaves of absence are submitted to the Department Head for a recommendation to the Mayor for approval or denial. An employee's request for a leave of absence of less than 30 days shall be answered, within ten days after request has been made, by the Mayor's Office.

5.11 Benefits While on Leave of Absence

For cases of illness or injury, seniority may be accrued while on an approved leave of absence, along with full longevity benefits. A maximum of one year of credit may be earned. Holidays, vacation, and sick leave benefits shall not accrue during an approved leave of absence without pay. Holiday pay shall not be granted during a leave of absence without pay.

5.12 Re-employment After Leave of Absence

After an approved leave of absence, an employee shall be returned to the position held at the time when the leave was requested, or to a similar position. If an employee is granted a leave of absence for educational purposes, that employee will be given first opportunity for any job opening which occurs in the same or similar classification to that previously held, and for which the employee is qualified.

VI. GRIEVANCE PROCEDURE

02/07/95

A grievance is defined to be a dispute between the City and an employee as to interpretation, application, or violation of any terms or provisions of the City of St. Cloud Employment Guide for Classified Non-Bargaining and Unclassified Employees. An oral reprimand in no case shall be subject to the grievance procedure.

6.0 Classified Non-Bargaining

For any issue identified as a Civil Service issue, Civil Service grievance procedures shall be applied. Should any classified non-bargaining employee have a grievance involving a term or provision found exclusively in this manual, an earnest effort shall be made to adjust such grievance promptly in the following manner:

Step 1: The employee shall take up the grievance or dispute with his/her immediate supervisor within seven calendar days of knowledge of its occurrence. The supervisor shall respond to the employee or his/her advisor within ten calendar days.

Step 2: If the grievance has not been settled at Step 1, it may be presented in writing by the employee to the department head within ten calendar days after the supervisor's response is due. The department head shall respond to the employee or designated advisor in writing within ten calendar days.

Step 3: If the grievance has not been settled at the second step, it may be presented to the Mayor's office in writing within ten calendar days after the response of the department head is due. The Mayor's office shall respond in writing within ten calendar days.

Any grievance by a classified non-bargaining employee which has not been presented or been appealed to the next step within the required time period shall be considered as dropped, and shall not be subject to further discussion or appeal. If the City does not answer a grievance within the specified time limits, the employee may elect to treat the grievance as denied at that step and immediately appeal the grievance at the next step. The time limit in each step may be extended by mutual written agreement of the City and the employee.

6.1 Unclassified Employees

A grievance by an unclassified employee shall be presented to the immediate supervisor or department head for an attempt at resolution. The next and final step in this process shall be to the Mayor.

VII. SEPARATION

10/5/95

7.0 Classified Non-Bargaining Employees

Any employee who wishes to leave the classified service in good standing shall file a written resignation with the Human Resources Office at least thirty (30) calendar days before leaving the service. The written resignation shall state the effective date and reasons for the resignation.. The written resignation shall be forwarded to the Mayor. Failure of the employee to comply with this rule shall be entered on his/her service record and may be cause for rejecting him/her for future employment with the City, and for denying severance benefits. The Human Resources Office shall report to the Mayor's Office immediately the resignation of an employee who fails to comply with the section.

7.1 Unclassified Employees

Any employee in the unclassified service wishing to leave City employment in good standing shall file a written resignation with the Mayor's Office at least thirty (30) calendar days before leaving the service. The written resignation shall state the effective date and reasons for the resignation.. The written resignation shall be forwarded to the Human Resources Office for appropriate action. Resignation includes but is not limited to voluntary termination and retirement.

VIII. DISCIPLINARY ACTION

03/03/95

Any disciplinary action involving an unclassified employee is at the sole discretion of the Mayor.

Disciplinary action may be imposed upon a classified employee only for just cause.

8.0 Disciplinary Procedure

1. oral reprimand
2. written reprimand
3. suspension
4. demotion
5. discharge

An oral reprimand shall be identified as such and the occurrence shall be documented for reference in the personnel file.

If the Department head/supervisor has reason to reprimand an employee, it shall be done in a manner that shall not embarrass the employee before other employees or the public. Oral reprimands should be identified as such.

When any disciplinary actions more severe than an oral reprimand is intended, the department head/supervisor shall, before or at the time such action is taken, notify the employee in writing of the specific reason(s) for such action.

An employee who has been notified that he/she is being investigated for possible disciplinary action shall be informed, in writing, of the status of the investigation upon its conclusion.

8.1 Suspension

An employee may be placed on suspension for cause by the Department Head. In the case of an exempt employee, as defined by FLSA, any suspension less than five days must be compensated. Compensation shall be in the form of unused vacation time. Non-exempt employees shall be placed on suspension with no pay.

The Department head may place an employee who is the subject of a disciplinary investigation on an administrative leave with pay provided a reasonable basis exists to warrant such leave. If, as a result of the investigation, discipline is imposed on the employee, he/she may be required to reimburse the City for the pay provided while on leave.

An employee on administrative leave shall continue to receive City paid insurance benefits.

8.2 Discharge

If the Mayor feels there is just cause for discharge of a classified non-bargaining employee, the employee shall be notified, in writing, that they are to be discharged and shall be furnished with the reason(s) therefore and the effective date of the discharge. The employee may request an opportunity to hear an explanation of the evidence against him/her, and to present his/her side of the story at a pre-termination hearing. The right to such meeting shall expire at the end of the next scheduled

workday of the employee after the notice of discharge is delivered to the employee unless the employee and the Appointing Authority agree otherwise. The discharge shall not become effective during the period when the meeting may occur. The employee shall remain in pay status during the time between the notice of discharge and the expiration of the meeting. However, if the employee was not in pay status at the time of the notice of discharge, the requirement to be in pay status shall not apply.

Unclassified employees may be terminated by the Mayor at any time, and are not afforded an appeal procedure or a pre-termination hearing.

8.3 Veterans Preference Act

Any disciplinary action resulting in the intent to discharge a veteran must adhere to Minnesota Statute 197.455 Veteran's Preference Act. In essence, any veteran who has been notified of the intent to discharge him/her from their appointed position shall be notified in writing of such intent and the veteran's right to request a hearing within 60 days. A veteran can not be removed from a position except for incompetence or misconduct shown after a hearing, upon due notice, upon stated charges, in writing. Failure of the veteran to request a hearing within the 60-day period shall constitute a waiver of the right to a hearing. A request for a hearing must be made in writing and mailed or personally submitted to the Human Resources Office. The Civil Service Board shall serve as the veteran's hearing board; appeals of the decision of the Board may be made to district court.

8.4 Police Officers Bill of Rights

An oral reprimand shall not become part of an employee's personnel record, except for the documentation of occurrence. Investigations which do not result in disciplinary actions shall not be entered into the employee's personnel record. A written record of all disciplinary actions other than oral reprimands shall be entered into the employee's personnel record. All disciplinary entries in the personnel office record shall state the corrective action expected of the employee. Problem areas in performance shall be reflected in the employee's annual performance appraisal.

Each employee shall be furnished with a copy of all evaluative and disciplinary entries into the personnel office record and shall be entitled to have the employee's written response included therein if submitted in a timely fashion.

Documentation regarding any wage garnishment action against an employee shall not be placed in the employee's personnel file.

8.6 Access to File

The contents of an employee's personnel office record shall be disclosed to the employee upon request, within a reasonable period of time. Persons operating City vehicles must have a valid driver's license. Operation of a City vehicle or operation of a personal vehicle while on City business without a valid driver's license and appropriate class designation constitutes just cause for disciplinary action.

Persons operating City vehicles shall not carry passengers unless necessary to conduct City business. City employees conducting official City business out of town may carry as passengers family members only if such accompaniment does not interfere with City business.

The use of two-wheel motorcycles for City business is considered an unnecessary and unreasonable risk to the employee and to the City, and will not be permitted, unless provided for in previous City Council action.

X. POLITICAL ACTIVITY

11/10/92

10.0 Political Activity

No employee shall, directly or indirectly, during his/her hours of employment, solicit or receive funds, or at any time use his/her authority or official influence to compel any other employee to apply for membership in or become a member of any organization, or to pay or promise to pay any assessment, subscription, or contribution, or to take part in any political activity.

Any officer or employee of the City, except a currently serving Council member or Mayor, shall take an unpaid leave of absence upon becoming a candidate for any public office if the Mayor determines that the candidacy conflicts with the employee's regular City employment. Such leave of absence shall terminate on the day following the date of election for which the employee was a candidate.

A person elected to a public office must be permitted time off from regular employment to attend meetings required by reason of the public office. The time off may be without pay, with pay, or made up with other hours, as agreed between the employee and the City. When an employee takes time off without pay, the City shall make an effort to allow the employee to make up the time with other hours when the employee is available. No retaliatory action may be taken by the City for absences to attend meetings necessitated by reason of the employee's office. (Reference Minnesota Statute 211.B10 Subd.2.

In order to be paid for time off, the employee must use available vacation or comp time.

This provision shall be interpreted in accordance with applicable federal and state law. In the administration of this Guide, the City will provide reasonable accommodations to qualified employees with a disability and to employees based on their religious tenets. 15.1 Life and Dental Plans

Life insurance is provided through a \$20,000 term policy on the employee only. Employees have the option to purchase family coverage at the negotiated benefit rate which provides a \$10,000 term policy on an employee's spouse and/or \$5,000 term policy on the employee's eligible dependents. Employees also have the option of purchasing a voluntary term life policy solely at the expense of the employee.

Dental insurance is provided with a negotiated carrier.

15.2 Insurance Contributions

The City shall contribute one hundred percent (100%) of the total cost for an employee choosing single coverage. The City may, at its discretion, select alternative carriers that provide at least equivalent coverage.

Effective January 1, 2015, the City shall also contribute \$2,750 over the course of the calendar year into the employee's health savings account (HSA) to those employees electing the HDHP family plan and \$1,100 over the course of the calendar year into the employee's health savings account (HSA) for those employees electing the HDHP single plan. For enrollments later in the year, the amount will be pro-rated.

b. Supplemental Life Insurance: Additional \$10,000 increments of life insurance may be purchased at the expense of the employee, with a maximum of \$250,000; an employee may have to submit to an application for insurability as required by the life insurance provider.

c. Employee Contribution: Employees shall be responsible for all costs of insurance in excess of the City's contribution. That amount shall be directly deducted from an employee's compensation. The City may implement a premium conversion program that will allow employees to elect to pay their portion of the insurance contribution on a pre-tax basis.

d. Single and Opt-Out Incentive: Any employee eligible to carry family coverage may, at their option, elect to take single coverage. The City will pay any employee making this election \$2,000 for the year. The employee must be otherwise eligible to elect family coverage. Proof of eligibility for family coverage may be required. Any employee may also, at their option, waive coverage through the City's health insurance providers. The City will pay any employee making this election \$3,100 for the year when accompanied by proof of alternate insurance coverage on the employee. The employee must make this election during open enrollment and provide proof of insurance each year to qualify for the entire amount. Payment will be made at the calendar year-end to afford employees with a qualifying event the opportunity to re-new family coverage. Payment will be for the number of months during the year that the employee is qualified for coverage but carries less or no coverage. This election shall only be modified as a result of an insurance provider-approved qualifying event.

e. Cancer Insurance; the City will provide for payroll deduction for cancer insurance premiums for all employees who desire this option. The total cost of the premiums shall be the responsibility of the employee requesting the option. 15.3 PERA Retirees

Classified Non-Bargaining and Unclassified: Classified non-bargaining and unclassified employees who retire at an age less than 65 shall be eligible for the same group health insurance coverage as is provided for active employees. Employees wishing to exercise this option shall notify Human Resources within the time period allowed under COBRA laws (60 days from the date of the qualifying event).

Classified Non-Bargaining and Unclassified Employees appointed prior to 8/6/01:

1. For 5 years following a PERA qualified retirement (up to age 65): The City will pay for individual (single) coverage, at the same percentage for the cost of premiums, on behalf of the retired employee for 5 consecutive years following the date of retirement, up to age 65, as is paid for active employees. The retired employee shall pay for coverage for family (dependent) coverage at the same rate as current employees pay for such coverage. Retirees may add dependents as a result of a qualifying event or during open enrollment periods if the dependents are considered qualified beneficiaries under COBRA rules.

2. Sixth Year: The City will pay for coverage on behalf of the retired employee (up to age 65) at the rate of 50% of the cost of the premium in the year following the 5-year period described above. Premiums will be paid at 50% of what is being paid for family coverage at the time of the 6th year. Retirees may add dependents as a result of a qualifying event or during open enrollment periods if the dependents are considered qualified beneficiaries under COBRA rules.

3. Remaining Years of Retirement to Age 65: The retired employee shall pay the entire cost for coverage under the group plan (self and dependents), for any years not covered by the 5-year period and sixth year as described above, up to age 65, if they wish to remain in the City's plan. On the first of the month in which a retired employee turns 65, the employee may be eligible for Medicare. In the event the employee retired before age 65, that employee is entitled to participate in the City's group plan indefinitely, at their own expense. Employees retiring at age 65 or above are only entitled to participate in the group plan (at their own expense) for the duration of the City's COBRA obligation, in most cases 18 months. Participation for spouses and dependents may vary; please contact Human Resources for further information.

Failure to make insurance payments to the City will terminate a retired employee's right to continue in the group plan. To qualify for this benefit, an employee must be eligible to receive a PERA annuity at the date of that employee's retirement. However, it will be the former employee's obligation to inform the City that he/she wishes to exercise this option. The City will not pay any retroactive premiums. All retirees who receive an annuity under a retirement program may elect to purchase at their expense individual and dependent health and dental coverage equivalent to that of active employees pursuant to Minn. Statute 471.61 Subd. 2.
